

Editorial Periscope
WEATHER—Thursday fair and cold.

Every person in the United States is supposed to have \$55.65. If you haven't yours somebody else has it.

Opinions are divided as to whether President Wilson or Judge Anderson settled the strike.

Thos. C. Underwood, as usual, was called upon to deliver an Elks Memorial address this year, visiting the lodge at Fulton, Ky., where he well sustained his reputation as one of the most pleasing and captivating speakers in the State.

James Breathitt, Jr., made a big hit in delivering the Elks Memorial address at Owensboro Sunday. The eloquent young attorney flavored his speech with a spirit of patriotism that called forth loud applause, in spite of the sacredness of the day and the solemnity of the occasion.

Julio Acosta has been elected president of Costa Rica, as a result of a revolutionary overthrow. He is upsetting things in his bailiwick like High Costa Living is in Uncle Sam's.

The International Reform Bureau wants a license tax of \$500,000 a pint put on liquor in the event the Supreme Court legalizes its sale until January 15. At this rate only bankers and butchers could afford to smell the bottle.

New automobile licenses will have to be renewed by January 1st, or the cars cannot be used. The sale of 1920 license tags has already begun and will have to be sold 3,000 a day to issue all that will be needed.

Speaker Gilett, his wife and two daughters are given \$100,000 each in the will of his father-in-law, Wm. E. Rice, with an \$8,000 income to the family from a trust fund. With his salary of \$7500, the speaker will no doubt be able to keep the wolf from his door.

Dr. Charles Scanlon, a Presbyterian minister of New York, says the 2,250,000 Presbyterians are preparing to wage war on tobacco. He says: "We intend to press this battle along all lines both at home and abroad because the overwhelming testimony of science, law, morality, education, religion and experience is that tobacco in any form is filthy, harmful and expensive."

The style committee of the National Cloak, Suit and Skirt Manufacturers' Association recommended skirts from three to four inches shorter than at present for the 1920 season. The committee decreed that skirts next season would be from seven to nine inches from the floor for women, and about ten inches for misses as compared with four to six inches for women and eight inches for misses as at present.

The chief members of the American peace delegation left Paris Tuesday evening on the first stage of their return journey to the United States. Frank L. Polk, Henry White and Gen. Tasker H. Bliss were bidden farewell at the station by Premier Clemenceau, Marshal Foch, Ambassador Wallace, the Earl of Derby, the Japanese ambassador, the Marquis of Chamberlain and others. The conclusion of peace will be brought about by the allies who have ratified the treaty. Germany has been given a "last warning" that the treaty terms must be accepted with change or further delay. The Huns have been seeking to modify the terms as to punishment of criminals and paying for the fleet destroyed at Scapa Flow.

Lewis and Green Trying Hard To Purge Themselves of Contempt

E. P. MORROW IS SWORN IN AS GOVERNOR

UNDIGNIFIED EXCHANGE OF OPINIONS CHARACTERIZES PART OF PROGRAM

REPUBLICANS FEELING GOOD

And Heard the Retiring Governor's Long Speech With Scant Courtesy.

Frankfort, Ky., Dec. 9.—Edwin P. Morrow became Governor of Kentucky at 1:54 this afternoon. He and S. Thurston Ballard, Lieutenant Governor, took the oath of office in the open under lowering skies, while thousands of persons looked on.

The oath was administered by Judge John D. Carroll, Chief Justice of the Kentucky Court of Appeals, following a brief address by Mr. Morrow, in which he renewed his pre-election pledges.

The address by Mr. Morrow followed one by Ex-Gov. Jas. D. Black reviewing legislation enacted during the last four years of Democratic regime and denying responsibility for any errors that may have been made.

Judge Ed C. O'Rear, former member of the Kentucky Court of Appeals, and one-time Republican candidate for Governor, was master of ceremonies. In introducing Mr. Morrow, he said the new Governor was the "fifteenth reason for the defeat of Governor Black." In leading up to this mild thrust he said that immediately following the election he read fourteen reasons assigned by Governor Black in an attempt to explain the Republican landslide, added that "under the circumstances" it was only natural that he should overlook at least one reason.

There was a long parade, the Hopkinsville contingent being allowed a place in the third division. There were five divisions, with the negroes bringing up the rear, tapering down to a noisy rabble.

The Hopkinsville club attracted attention by marching with brooms, indicating a "clean sweep," although Christian county showed a Democratic gain of \$90.

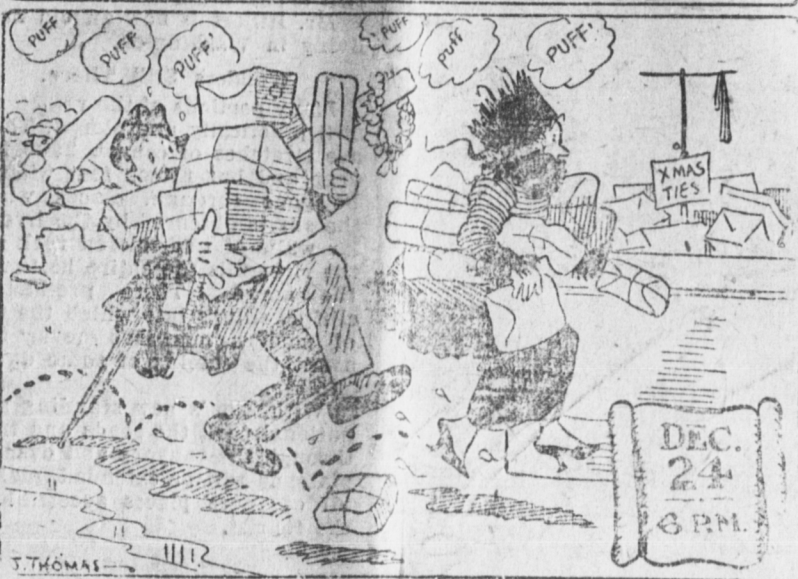

BASKET BALL TO-MORROW

On Friday night at 8 o'clock the strong Alumni basketball team will play the Earlington Athletic Club at the Belmont Gym. The Alumni bunch have been practicing all week and are in much better shape than when then played at Madisonville.

As an added attraction the Junior club will play a team representing Belmont school.

Mrs. R. H. Adams left yesterday for Chicago, after a visit to Mrs. Jno. B. Trice.

FORBES TO BID ON DAWSON BUILDINGS

Geo. E. Gary in Washington to Submit Bids on Three of the Big Buildings.

The contract for the first three big buildings of the Government hospital near Dawson was to be let at Washington yesterday. At the hour of going to press nothing definite had been heard.

These buildings consist of an administration building, a nurses' home and one ward building.

George E. Gary, representing Forbes Manufacturing Company, is in Washington to bid on these buildings.

The contract calls for work to begin on the buildings as soon as the weather permits.

LOCAL DEALERS RECEIVE COAL

The local coal situation was materially improved Monday and Tuesday when the dealers received some long expected shipments and began filling the orders that had been piling up for ten days. Immediate demands were supplied, but the deliveries were so small that no one received more than a temporary supply.

ANOTHER BIG DEAL.
The farm of V. P. Carter, located on the Elkton road two miles north of Trenton, was sold to W. H. and Owen Massie and Ira S. Rhea, all of Christian county.

This farm contains 845 acres, and the price paid was \$100 per acre, making it the largest land transfer ever consummated in Todd county. *Todd County Times.*

BERNARD DEAL OF \$2,500,000

Largest Coal Company in Western Kentucky Believed About To Change Hands.

The Messenger cannot get hold of any direct and definite statement on the subject, but many straws indicate that the option held on the property of the St. Bernard Mining Co., expiring early in January, will be closed and the ownership and management of the big property pass into a syndicate, said to consist of Nashville and Louisville capitalists.

That an option is out for the sale of the stock of the company on the basis of two and a half for one is known. The capital stock of the company is \$1,000,000 and the purchase price therefore is \$2,500,000.

It is said that the quick assets of the company, stores, merchandise, stocks of various descriptions on hand and bills due to company, etc., will aggregate around \$1,000,000, leaving something like \$1,500,000 paid for the fixed plants, mining rights, good will, etc., of the company.

Of course it is possible that something may occur to cause the deal to fail of consummation, but those closely connected with the St. Bernard management are expecting it to be closed.

This is said to be an entirely separate transaction from the negotiations of an eastern syndicate for many other mining properties in western Kentucky, and entire different people are interested.

It is reported that Mr. George C. Atkinson, president of the company will probably locate at Hopkinsville. *—Madisonville Messenger.*

BERGER TO RUN AGAIN
Victor L. Berger, socialist, and Henry H. Bodenshtab, republican, were nominate for Congress at a primary election in the fifth Wisconsin district. Berger received 14,000 votes and Bodenshtab 9,282. The special election will be held on Dec. 19 to fill the vacancy caused by the present congress' refusal to seat Berger.

ANOTHER ONE STRIKE TO END GOES OVER TOP CONSERVATIVES ARE IN CONTROL

Episcopal Church Repeats the Performance of Methodist and Baptist Churches.

Grace Episcopal church went over the top Sunday in the campaign made to raise their quota of \$42,000, 000 fund which is being raised in this country by the Episcopal church for the furtherance of Christianity.

After ten days in laying plans, the solicitors went out Sunday afternoon to raise their assessment of \$5, 175.00. So successful were they, and so generous and responsive were the members, that the total showed \$7, 217.00, or forty percent above the quota. The pledges averaged about \$75 per subscriber. The campaign is not yet over and a substantial increase will be made to the figures given above.

The pledges are taken for a three-year period and the money will be used chiefly for foreign and domestic missions. The plan of the movement is essentially the same as has been employed in other religious bodies and is a part of the great world-wide movement for the spread of the gospel.

Grace Church is the fourth Hopkinsville church which has been called upon for such a special effort and has not only met the quota assigned it but has gone far above it.

The Methodists with a quota of \$35,000 raised over \$50,000 and the two Baptist churches with \$110,000, have so far raised \$127,000.

Morton-Bassett.
Colonel and Mrs. Erskine B. Bassett announce the engagement and approaching marriage of their daughter Estelle to Mr. H. Edwin Morton of Shanghai, China.

The wedding will take place in January.

Miss Bassett and her mother left Monday night for San Francisco, from whence Miss Bassett will sail for Yokohama, Japan, Dec. 17. A stop enroute to the coast will be made at Kansas City, to visit Stanley Bassett, where Mrs. Bassett will stop.

Arriving at Yokohama Miss Bassett will be met by Mr. Morton and the wedding will take place in the Japanese city. Then the couple will make an extensive tour of Japan, Korea and China before taking up their residence in Shanghai.

The young couple met in Washington, where Miss Bassett did war work.

Mr. Morton is in charge of the British branch of the American Tobacco company at Shanghai, and it was impossible for him to return to this country. He is a native of Virginia and a splendid young man in every respect, whose business qualifications are attested by the important position he holds. He is a nephew of Mr. N. B. Edmunds, of this city.

Miss Bassett is one of Hopkinsville's finest and most popular girls, attractive, intelligent and accomplished.

MISSION STUDY DAY.

Today (Tuesday) will be Mission Study Day at the Methodist church. The book to be discussed is "Christian Americanization the Task of the Churches." The program will begin at 10 o'clock and continue until 2 o'clock. A half hour for lunch at 12:30. *Everyone is invited to come.*

AGREEMENT ON PRESIDENT'S PROPOSAL TO TERMINATE TIE-UP EXPECTED

LEWIS AND GREEN MAKE FIGHT

Continue Efforts For Offer After Adjournment Until 9:30 This Morning.

Indianapolis, Dec. 10.—Settlement of the strike of coal miners is expected today.

It was declared that the conservative element which favors a speedy end of the tie-up was in the majority yesterday and that agreement on the President's proposal for termination of the controversy was only a question of how long it would take to hear the arguments of all representatives who wished to speak.

An official, who strongly favors acceptance of the new plan for ending the strike, spoke enthusiastically of the fight made for adoption of the proposal by Acting President John L. Lewis and Secretary-Treasurer William Green, of the miners' organization, at Tuesday's meeting of the general committee of the miners at which the plan was presented.

This fight, he said, was continued after adjournment of the conference at 6:30 o'clock last night and it was believed that more than sufficient strength was mustered to vote down the radical element when the committee reconvenes today. Consideration of the question will be resumed at 9:30 o'clock.

The president's proposal, made public by Attorney General Palmer here, provides for resumption of work by the miners at a 14 per cent wage increase, pending final settlement of the wage controversy by a commission to be appointed by the president.

This commission would include in its personnel on practical miner and one active mine owner and operator and would not only adjust the wage question as related to the increased cost of living, but would adjust coal prices to meet the wage increase without allowing too great a burden to be placed upon the public.

The attorney general, in making public the president's proposal, stated that it had been prepared by the chief executive with a view of appealing to the miners generally throughout the country. However, he said, before it was made public, Acting President Lewis and Secretary-Treasurer Green of the miners' union called upon him Saturday afternoon and were shown the president's statement. The union leaders, Mr. Palmer said, finally agreed to urge their general committee to accept the president's plan and called the meeting here today.

In order that the plan for settlement might be submitted this afternoon, the government this morning asked and obtained postponement of hearing of charges of criminal contempt pending in Federal court here against 84 union heads who form the general committee.

Mrs. Roscoe Reed, of Paducah, is visiting her mother, Mrs. Ellis Roper.

212 SOUTH MAIN STREET.

Entered at the Hopkinsville Postoffice as Mail Matter of the Second Class.

THURSDAY, DECEMBER 11, 1919.

Chicago hotels have announced a reduction in prices.

The color scheme of the inaugural parade at Frankfort Tuesday was white and black.

Ex-Governor Black will locate in Lexington, where he will practice law with his son, Pitzer D. Black.

Night Chief Laird, of the Louisville Police Force flew to the inauguration in Aviator Hubbard's airplane.

Members of the Illinois Manufacturers' Association have begun a boycott of clothing, food and fuel and other necessities against the striking miners of the state.

At last the "investigating" committees have an excuse for saying that the war was a failure. The G. O. P.'s rejection of the treaty was a victory for the Germans.

Members of the German government were greatly heartened by the defeat of the treaty. Accordingly, Senator Lodge is not without his admirers.

The coal strike is to be called off but the Republican peace strike in the Senate will run on and keep the country from having a Merry Christmas.

A probing committee has called upon Nashville butchers to reduce their prices 15 per cent and fifteen of them are in court to answer charges of wrongful selling.

The regular session of the Republican Congress will have much work to do, says a Republican newspaper. Most of this will be what should have been done in the "extraordinary session."

Europe cannot understand the purpose of the Republican majority in defeating the treaty of peace, says dispatches from abroad. Europe is respectfully referred to publicity emanating from the Republican National committee.

Rubber is scarce and high in price, but there is still enough of it for rubber-necks to be on the increase. At Chattanooga 19 people were killed and wounded by getting in the way of an airplane that was making a landing.

Action by the Senate on both the Versailles peace treaty and the resolution of Senator Lodge, Republican, Massachusetts, proposing to declare the war with Germany at an end will go until after the Christmas recess, scheduled to run from December 20 to January.

The aggregate bank deposits and the number of depositors has increased more than 100 per cent since the country has been under Democratic administration. Can any one of the 18,000,000 depositors be persuaded to believe that old Republican wheeze about putting the G. O. P. in power to insure prosperity?

Governor Black, as a parting shot, appointed another batch of colonels

Many Wonders in America's New Playground

First Photo Art From Great Park a Masterpiece.

Washington, D. C.
When President Wilson signed the bill in late November which set aside the wonderful Zion Canyon region of Utah as a permanent playground for the American people, a search was made in the archives of the Interior Department for data and pictures of the new national park.

There one photograph was found, a perfect conception in photographic art. Further investigation located the negative. Its markings showed it was taken over forty years ago!

Tourists who whirl from the railroad at Lund, Utah, to Zion Canyon in fast automobiles gaze in awe at the magnificent sights. Then drawing kodaks from pockets they snap them for future review with the ease born of modern invention.

Job for Hillers.

But J. K. Hillers, when he took that first beautiful picture of Angel's Landing, as shown here, used the big unwieldy "wet plate" camera of early photographic days. By ox-team he freighted the bulky outfit over three hundred miles from what was then the end of the Union Pacific railroad at Ogden, and he manufactured his plates, exposed them and developed them on the spot, as was necessary in those times.

And now, with Zion Canyon in the limelight and hundreds of photographs being taken of its beauties, Hillers' early efforts are still easily the best on record.

Mr. Hillers is now an old man, living in Washington.

Wonders Still There.

Many portions of the region are still practically unexplored. There are stretches of canyon 2500 feet deep and but fifteen feet wide to be gone through, places where the sky is obscured by the irregular walls of varicolored rock and the river fills the entire bottom of the gorge. There pre-historic cliff dwellings into which the foot of modern man has never trod await the coming of some daring climber.

With Zion's new standing as a national park the roads and trails through the canyons and over the plateaus will be extended, making all of these places accessible to the tourist.

and kept right on kissing him. She kissed him first thoughtfully, carefully, thoroughly, and then she kissed him enthusiastically and cheerfully. After that she started all over again. The throng was silent; even hardened Department of Justice agents blushed. The rain fell.

Berkman seemed to like it, too.

FEMALE RED SLOBBERS OVER BERKMAN

As He and Emma Goldman Get Their Deportation Orders.

New York, Dec. 8.—Emma Goldman and Alexander Berkman are going to Soviet Russia to fight Bolshevism with pure anarchist propaganda, "Red Emma" said tonight.

She and Berkman had just been remanded to Ellis Island by Federal Judge Julius Mayer, pending their appeal to the Supreme Court against the deportation decision earlier in the day.

Fully 500 "Reds" of all varieties, from the pale, parlor pink assortment to the screaming scarlet of the "revolutionist," shouted greetings to her as Department of Justice agents bundled Emma and Berkman out of a taxi-limousine at the Ellis Island ferry tonight. For hours the throng had been standing in the rain waiting for the two anarchists to be brought from the Federal Court from which spectators had been barred.

"We'll win yet," shouted Emma, striking a dramatic attitude as she addressed her followers while plainclothes men pushed back the surging, hysterical crowd. "We not be deported, but we'll go to Russia of our own accord and fight for anarchism there. You can't kill an ideal,—and there. You can't kill an ideal,—and."

Breaking past detectives, Mary Eleanor Fitzgerald, candidate for Emma's crown as queen of the Reds in America, now that Miss Goldman is going away, leaped upon Alexander Berkman, standing beside Emma, and kissed him full upon his unshaven lips.

Free love at South Ferry, New York, and in the rain! Did Emma applaud? She did not. She put her hands on her lips and squared her grim jaw, while the tall, handsome Miss Fitzgerald took another reef in her strangle-hold upon Berkman.

He never moved during the eighteen and four-fifths seconds of that masterly osculation. As Miss Fitzgerald tightened her hold his hat slipped from his bald forehead, his huge horn-rimmed glasses stood awry on his nose. He dropped his nobby cane.

"Break! Break!" cried one of the radical guards, separating Berkman from his admirer. Then it was that Miss Goldman took Berkman's arm and marched him into the ferry house. Someone started a feeble cheer in the crowd, but it quickly died.

Miss Goldman it was who showed strength and courage of the pair in the crowded court this afternoon before Judge Mayer.

"We knew what this judge was going to hand us," said Berkman, after Judge Mayer has dismissed both writs of habeas corpus advanced by Harry Weinberger, and had scorned Weinberger's plea that Emma Goldman was an American citizen by virtue of the fact that she was married in 1887 to Jacob A. Kurzman, denaturalized in 1909.

"We never expected a fair deal," he went on. "The judge has been forced to grant us a stay until Thursday afternoon on our appeal to the Supreme Court. We'll win yet, eh Emma?"

Judge Mayer, in ordering Goldman and Berkman deported, declared the two anarchists are as dangerous enemies to America as were the Germans.

"This man," said the Judge, relaxing his chair and nodding down upon Berkman, "has a criminal record that began twenty-seven years ago when he stabbed and shot Henry Clay Frick. America does not want such men. He must go."

FOR MURDER OF BILLY DANSEY

Charles S. White and Housekeeper Suspected in Death of Little Boy.

Hammonton, N. J., Dec. 10.—Charles S. White, neighbor of the Dansey family was arrested charged with the murder of "Billy" Dansey. Miss Edith Jones, White's housekeeper, was also arrested charge with being an accessory after the fact.

The body of 3-year-old "Billy" Dansey was found by a hunter in a swamp near here on November 21. The boy had disappeared from his home several weeks previously and search had been conducted on the theory he had been kidnapped.

White is the owner of the "Dahlia Farm" adjoining the Dansey farm. He is 29 years old and the father of Charlie White, the child playmate of Billy Dansey. The elder White told the investigators at the time of Billy's disappearance that he had seen the child in his Dahlia fields.

Edmund C. Gaskill, county prosecutor, declared tonight that he had sufficient evidence to show that the boy was murdered and to clear up the mystery surrounding his death. He refused, however, to give any information as to the grounds on which the warrants were secured against White and Miss Jones.

How Coffee Was Discovered.

We have read a quaint story concerning the discovery of this favorite beverage. Toward the middle of the fifteenth century, a poor Arab, traveling in Abyssinia, and finding himself weak and weary from fatigue, stopped near a grove. Then, being in want of fuel to cook his rice he cut down a tree which happened to be full of dead berries. His meal being cooked and eaten, the traveler discovered that the half-burned berries were very fragrant. Collecting and crushing them with a stone, he

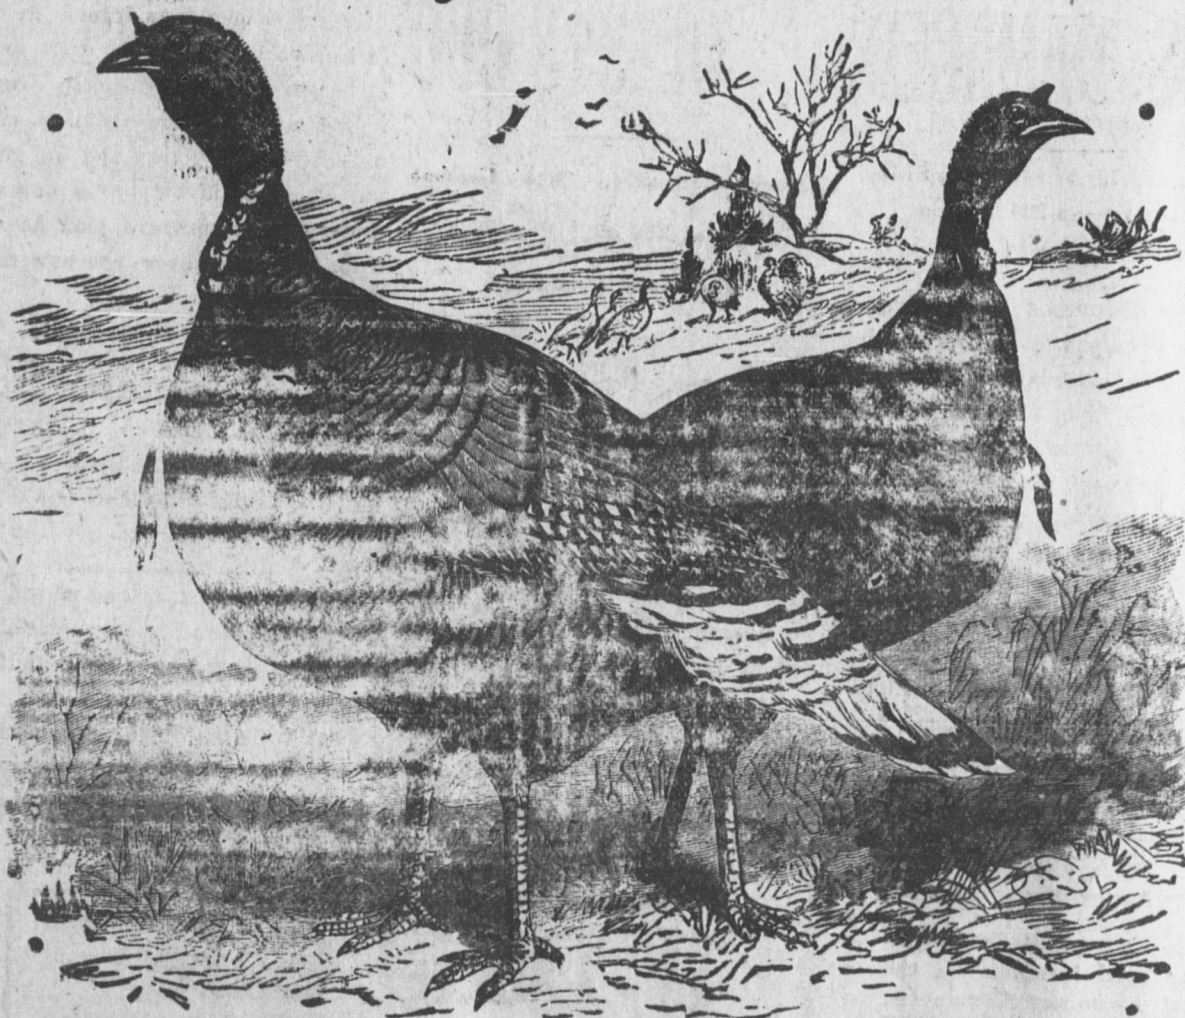

found that their aroma had increased to a great extent. While wondering at this, he accidentally let fall the substance into a can which contained his scant supply of water. Lo, what a miracle! The almost putrid liquid was almost instantly purified. He brought it to his lips; it was fresh and agreeable, and, in a moment after, the traveler had so far recovered his strength and energy as to be able to resume his journey. The lucky Arab gathered as many berries as he could, and having arrived at Aden, in Arabia, he informed the mufti

of his discovery. That worthy divine was an inveterate opium smoker and he had been suffering for years from the effects of that poisonous drug. He tried an infusion of the roasted berries, and was so delighted at the recovery of his own vigor that, in gratitude to the tree, he called it cabash, which in Arabic signifies force.—Weekly Bark.

SEVENTEEN INJURED IN ACCIDENT

Mrs. N. J. Morrison and Little Daughter Seriously Hurt.

Chattanooga, Tenn., Dec. 8.—Mrs. N. J. Morrison and her 6-year-old daughter were added today to the list of persons injured yesterday at Marr's field here when an airplane crashed into a crowd of spectators. Both are seriously hurt. The other injured are doing nicely. The funeral of Mrs. Pearl Myers, who was killed, will take place Wednesday. The body of Lena Lee Shell was sent to Athens for burial.

Attorney General Chamlee stated today that he would make a thorough investigation into the accident in which one woman and a little child were killed and seventeen others injured, but he added from the evidence he had so far in hand the aviator was not to blame and the accident was unavoidable.

The officers were unable to keep the crowd back and the people surged on the field when the machine was in the act of landing.

Kob & Howe

Cannot Photograph in Colors.

It seems a remarkable thing, considering the progress of the science of photography and cinematography, that color photography is still an undiscovered secret. There are processes by which a very natural camouflage of Nature can be produced, but the plate is yet to be made which will produce a landscape in autumn in all its wondrous tints, or take a portrait of a lady with the natural coloring of the hair, eyes, and complexion, with the various colors of her costume "in the manner as she lives."

Pennillion Singing.

Pennillion singing is quite common in Wales, and peculiar to the principality. It consists of an instrument playing over a tune in strict time and repeating it over and over again, while the singer or singers extemporize words to it in rhyme. The impromptu poetry must fit in with the music and is generally of an amusing character. The custom is quite common among the people, and the instrument used is their national instrument, the harp.

The Bible and Women Preachers.

Women preachers are taking comfort from the fact that one champion has discovered what they think is biblical recognition for them. In the prayer book version of Psalm lxxviii, occurs the verse, "The Lord gave the word; great was the company of the preachers." The revised version of the Bible translates the passage thus: "The Lord giveth the word. The women that publish the tidings are a great host."

The Laborer and His Hire.

Billy had been running errands for his mother, and to show her appreciation she offered him a penny. Billy looked disgusted and, glancing into her face, he exclaimed: "Oh, be a sport, ma, and pay me what it's worth!"

Who Could, Indeed?

English paper—"Miss Lettich played delightful golf up to the hole, but when once she had arrived there the result was almost ludicrous, as she could not hit the ball truly with her puttee."

Advocating Phone Merger.

Mayor Smith is trying to bring about a merger of the Home Telephone with 22,000 subscribers and the Cumberland Telephone with 15,000, in the city of Louisville.

AMERICAN RED CROSS

"Said the Governor of Texas to the Governor of Oklahoma"

Governor William P. Hobby of Texas (left), met Governor J. B. A. Robinson of Oklahoma, for conference at Ft. Worth recently, resulting in a futile effort to solve a dispute over valuable oil lands on the "Oklahoma-Texas" border line. Both states have appointed receivers to take charge of the land, but Texas gained possession when guards were hurried to the district. The land is valued at several million dollars. The case has gone to the United States Supreme Court for settlement.

Campbell-Coates Co.

INCORPORATED
DRUGGISTS

Ninth and Main Streets.

Hopkinsville, Ky.

HOW DREAMS COME TRUE

Some thirty days ago a few business men of Fort Worth, Texas, organized and founded a joint stock Association called the Equitable Oil Co., of Ft. Worth Texas. These men purchased the most proven acreage in Texas' largest oil field. The "Desdemona Field." Their object was to get a lease where the chance of not finding oil was eliminated, which they did. They decided to drill two wells, and upon the completion of these wells to sell the entire company to one of the large corporations who make it a business to buy production only. The entire proceeds of this sale to be divided equally between the stockholders of this company as per each individual share. As soon as this company was organized sixty per cent of the stock was subscribed by the directors and their friends and since then fifteen per cent has been subscribed from all parts of the country—from people who know the holding of the company and the men behind it.

The company now has the remaining twenty-five per cent, which they are offering the people of Christian county. They have let the contract for the first well which is now drilling, and are now waiting on the sale of the remaining stock to begin drilling on the second. The holdings of this company where they are now drilling are entirely surrounded by big producers of not less than 1800 barrels per day and some as high as 8,000 barrels per day.

Oil wells sell on a basis of one million dollars per thousand barrels. No company surrounding this well has sold for less than two million dollars. This company has a capitalization of \$100,000. If they should only get a thousand barrels in each of their wells every stockholder would receive twenty dollars for each dollar invested. This stock is selling for \$2.00 per share, will advance to \$3.00 December 21, 1919. Use your own judgment and get in. Even if you have only fifty or one hundred dollars to invest. You can't get a fortune on that small an investment, but you can get a good start towards one. Figure it out—(twenty to one on your money.)

The officers of this company are above reproach and bear the reputation of handling other people's money as they would their own. Any bank in Fort Worth will testify to this. Ninety per cent of the wells in the Desdemona Field are big producers and one hundred per cent of the wells in their vicinity are producers. Doesn't this sound and look like a seasonable investment? A man has so much to gain and so little to lose. So we think, and we are sure you will think so, too. This stock is going to advance on Dec. 21, 1919 to \$3.00 per share. So get in now. If they only get one thousand barrels in their first well, they will already have made \$10 on the \$1 invested. They expect their well in by New Years. Get in and help share in this gift of Nature. If you are in any way interested, phone, write or mail your check.

We can save you from 15 to 50 per cent on your purchase

Also have the niftiest line of Ladies and Misses Hats, both ready-to-wear and trimmed at less than half the price.

\$3.00 to \$8.00

THE MEN WHO WEAR W.L. DOUGLAS SHOES

are assured new and individual styles combined with good materials and workmanship of the highest possible standard.

Our Dry Goods Line is Complete

Remember the Place

S. KLEIN, Busy Bargain Store

WEED PRICES SOARING HIGH

Deliveries Increasing In Volume As The Season Advances and Rush is Expected.

The tobacco offerings on the loose floors were heavier Tuesday than Monday, though the record price of \$47 was not reached. The highest price was \$40.

Yesterday the deliveries were again heavier and conditions around the loose floors all indicate preparations for a busy season. The very high prices are sure to cause a general rush to market and the rains have made the season most favorable for handling the weed.

Sales will be held every day from now on.

CRESCENT MILL IS DAMAGED

Alarm Turned In At Noon Yesterday And Dangerous Blaze Soon Under Control.

Fire was discovered in the elevator at the Crescent Mills, corner 7th and Railroad, yesterday at noon, presumably cause from a steam pipe in some way.

The Department responded promptly and by energetic work soon had the fire under control. The damage from the flames was not great, but water used in putting it out caused a pretty heavy loss. This cannot be accurately estimated yet, but the loss is fully covered by insurance. The mill is owned by the Hopkinsville Milling Company, of which F. K. Yost is president.

When you want fire, tornado or bond insurance in the Oldest Strongest Companies, See **WALLACE INSURANCE AGENCY**. Office up stairs. Corner Ninth and Main. Office Phone 395 Res. 537

REGULAR ARMY OF 318,000

Military Committee Sets Combat Troops at 250,000; President To Create Branches

Washington, Dec. 8.—A peacetime regular army of 300,000 members and 18,000 officers was decided on today by the House Military sub-committee headed by Representative Anthony Republican, Kansas, framing the army reorganization bill. The number of combat troops was fixed at 250,000. The sub-committee proposal would leave it to the president to direct the forces into

infantry, cavalry and artillery units at his discretion.

The provision for 18,000 officers, many more than needed for an army of 300,000 men, was framed in order to give 1,500 to 1,600 extra as instructors for the National Guard, and reserve officers training corps units. Both the guard and the training corps would be greatly enlarged under the committee's plan as only three hundred officers are now needed as instructors.

THE HOUSE OF GOOD CLOTHES

NEW REGULATIONS ISSUED BY FUEL ADMINISTRATION

Washington, Dec. 8.—The additional fuel restrictions announced through the Railroad Administration tonight follows:

"No ornamental lights, 'white way' or other unnecessary street lights, outline lighting, electric signs or illuminated billboards, show windows or showcase lights are to be operated. This does not affect street lighting necessary for the safety of the public."

"No cabaret, dance hall, pool room or bowling alley shall be permitted to use light except between 7 p. m. and 11 p. m."

"Stores, including retail stores, but excepting stores selling food, and warehouses must not use light (except safety lights) except for six hours a day. Manufacturing plants shall be allowed to use light only light of power for telephone, tele-

graph of public utility companies are exempted.

"Only enough heat may be used in offices, stores, warehouses and manufacturing plants to keep the average temperature of 68 degrees Fahrenheit, and then only during hours for which light is permitted. During other hours only enough heat is to be used to prevent freezing of water pipes or sprinkler systems."

"In manufacturing plants or plants coming under power curtailment rules, heat (to 68 degrees Fahrenheit) will be allowed only during that time prescribed for use of power."

"General and other lights must be cut off not later than 4 p. m. in office buildings, except necessary, Federal, State and municipal offices, and except where office operation of vital industries is involved."

Some Businesses Exempted.

"Dairies, refrigerator plants, bakeries, plants for the manufacture of necessary medicinal products, water works, sewerage plants, printing plants for the printing of newspapers only, battery charging outfits in connection with plants producing light of power for telephone, tele-

graph of public utility companies are exempted.

"Only enough heat may be used in offices, stores, warehouses and manufacturing plants to keep the average temperature of 68 degrees Fahrenheit, and then only during hours for which light is permitted. During other hours only enough heat is to be used to prevent freezing of water pipes or sprinkler systems."

"In manufacturing plants or plants coming under power curtailment rules, heat (to 68 degrees Fahrenheit) will be allowed only during that time prescribed for use of power."

Factories Hard Hit.

"No manufacturing plant or factory shall be furnished bituminous coal or coke, or heat, light or power from bituminous coal or coke furnished by or through the United States Fuel Administration for operation in excess of three days a week on the basis of the present working hours. The exceptions are dairies, refrigerating plants, bakeries and plants for the manufacture of necessary food products, of necessary medicinal products, water works and sewerage plants, printing plants, for the printing of newspapers only, battery charging outfits in connection with plants producing light or power for telephone, telegraph or public utility companies."

"Elevator service must be curtailed as much as possible in accordance with the above regulations on use of heat, power and light."

"Electric railways shall reduce schedules to minimum requirements of service under the revised hours of heating, lighting and power as here-in provided."

"No heat shall be provided on electric cars during rush hours and heat during nonrush hours shall be curtailed as much as possible."

"Electric railways and manufacturing plants, stores, offices required to cooperate in arranging within the provisions of the order schedules, days and hours of work to permit maximum utilization of transportation equipment."

CENTER TEAM RECOGNIZED

For the first time in the history of the sport, Walter Camp has picked two Southern players for the all-American football team. This honor falls on two members of the Centre College football team, McMillan at quarterback, and Weaver at Center.

Walter Camp also picked Centre College as the best football team of the year—another honor which has never before fallen to a Southern team.

Centre has been recognized by the Eastern Colleges and has been granted a game by Harvard to be played at Cambridge on October 23, 1920.

STOCKHOLDERS MEETING

The annual meeting of the shareholders of the First National Bank, of Hopkinsville, Ky., for the purpose of electing directors for the ensuing year and transacting any other business that may legally come before them, will be held at the office of the said bank on the second Tuesday in January, 1920 (January 13th) between the hours of 1 o'clock a. m. and 12:00 o'clock p. m.

5t BAILEY RUSSELL, Cashier.

We light our store by lamps after four o'clock.

Kulb & Howe.

CAPITAL SELLS 125,000 POUNDS

Frankfort, Ky., Dec. 8.—There were 125,000 pounds of tobacco sold here today at prices as high as \$1 per pound. The sales for the day averaged 60c per pound. The market remains excellent.

HIGH COST COMMISSION

At a meeting of the Kentucky High Cost of Living Commission held in Louisville, Col. P. H. Callahan of that city was elected chairman.

Furthermore, it was announced that the Department of Justice had taken over this commission and its full personnel, asking it to be the Governmental agency to carry out the spirit and letter of the law as outlined in the recent extension of the Lever Act which provides for fine and imprisonment of any one guilty of profiteering in any of the essentials of food, fuel and clothing, and the Commission has now agreed upon an extended program to effect an organization throughout the state, realizing that the present high cost of living is one of the most disturbing elements existing in American life today.

Since the Commission is now under the direction of the Federal Government with the strength of the Department of Justice behind it, any one found profiteering in the essentials of life may expect to be sum-mersary commodities, and as soon as mittee has been organized whose duty it is to fix a fair price on all necessary commodities, and as soon as these prices are completed, any one found charging a higher price will be promptly proceeded against thru the U. S. District Attorney's office.

However it is absolutely necessary that the public patriotically do their part in this work by promptly reporting to the High Cost of Living Commission at Louisville, Ky., all cases where apparent overcharge has been made, for the field of investigation is so very large that the committee's investigators can personally locate only a small percentage of the offenders, therefore, it is the purpose of this body to enlist the cooperation of all business, civic, religious and welfare associations, but more especially to citizens themselves in an effort to remedy the present condition.

A most aggressive plan of campaign was outlined with District Attorney Gregory and Slattery of the United States Court present who are to give their full co-operation and assistance and the public now has the assurance that any cases of over charge reported will have prompt attention but in sending in these reports, it is absolutely necessary in order to make proper investigation that the detailed information be given as to the price paid for the article itself, date of purchase, and name of dealer, over the signature of the purchaser.

The efforts of the Commission so far have been largely confined to the city of Louisville, where it has succeeded in bringing about considerable benefits and it is now our purpose to extend the usefulness of this Commission to all parts of the State, and anyone anywhere should write to the High Cost of Living Commission, Louisville, Kentucky, if they have been overcharged or if they know of any overcharging prevailing.

HENDERSON PRICES SLUMP

Henderson, Ky., Dec. 8.—A big rush of tobacco on the market today caused prices to slump below those of last week. Leaf dropped from 51c, last week's prices, to 41c. Lugs sold from \$15 to \$33, and trash from \$6 to \$21. A total of 401,745 pounds sold today at \$18.50 average. A large portion of the offerings was in bad condition, too high in order and hailbeaten. More than 400,000 pounds will be on the floors for sale tomorrow.

NO LIMIT IS PLACED ON MAIL FOR CHRISTMAS

The postoffice department has not received any orders to curtail shipments of Christmas packages.

The only advice so far has been to mail Christmas parcels as early as possible, but a rumor that an order has been given that none can be mailed or sent by parcels post after tomorrow is not correct, according to Postmaster Moseley. He made the following statement of the situation to date:

The following order has been issued by the Postoffice Department under date of December 4, 1919, urging the early mailing in Christmas packages.

"Mail them early and avoid disappointment."

"The coal strike has caused a reduction of train service on some railroads, and further curtailment will doubtless be necessary if the strike continues."

"This condition makes the early mailing of Christmas parcels this year more than usually important."

Patrons of this office are urged to comply with this request.

FALL CHARGES CARRANZA PLOT TO DOWN U.S.

Has Proof of Conspiracy With Radicals to Cause Revolution and Seizure.

Washington, D. C., Dec. 8.—Evidence that radicals in Mexico, with the knowledge and support of President Carranza, plotted to instigate a revolution in the United States and seize the border States acquired by the American Government in 1848 is contained in the memorandum presented to President Wilson by Sen. Fall, of New Mexico, chairman of the Foreign Relations Subcommittee investigating the Mexican situation.

Plans for the proposed revolution were obtained by the subcommittee from the minutes of a meeting last October 15, in Mexico City, of Lodge Twenty-Three, an organization of extreme agitators, and members of the Industrial Workers of the World. The Mexican president is linked most directly with the plot through correspondence, in which he recommends three men for special consideration because of their connection with the "plan which they desire to put into practice in the State of Texas." These men, the committee states, have been identified as active agents of Lodge Twenty-Three.

The memorandum which obtains an abstract of the evidence collected by the committee, was delivered to the president by Senator Fall Friday night and made public late today.

BRANCHES OF FARMERS' UNION ARE BEING FORMED

Clarksville, Tenn., Dec. 8.—J. S. Deaux, of Robertson county, is spending this week in this county organizing district branches of the Farmers' Union preparatory to the or-

ganization of a county union to be formed at the county courthouse next Saturday.

BILL BAGGETT CASE TO BE TRIED ON THURSDAY

Clarksville, Tenn., Dec. 8.—The

case of Bill Baggett, charged with the murder of his step-daughter, Miss Lillian McCarver, on the night of August 30, has been set for next Thursday, December 11. This is the most important case on the docket.

The Kentuckian \$2 a year.

RED CROSS SEALS CAMPAIGN

Workers Must Keep Busy If Quota for State is Realized But More is Expected.

Sales of the first six days of the Red Cross Christmas Seals have not been up to the mark set by the promoters of the sale, which include every public health agency in Kentucky. The State Board of Health, the Kentucky Tuberculosis Association, the Red Cross, the Public Health Nursing Associations in all parts of the State, and the County Tuberculosis Associations.

Many stamps have been sold in the intensive campaign in Northern Kentucky, where W. C. Ryerson, a newspaper live wire, is chairman. In Western Kentucky and Central Kentucky, too, reports show that many seals have been sold, but not enough to make the State's quota unless they are considerably increased.

In Lexington the school children have sold their quotas and have sent in requisitions for more seals. Major Ernest B. Ellis, who is assisting Chairman J. A. Goodson there, offered prizes of \$100 for the best seals salesman among the children, and the very first day the quota was all sold.

It is hoped to finish the campaign this week, but if necessary, it will be continued until the quota of \$130,660 is raised. Many more seals are expected to be sold this week.

INVENTED THE DEPTH BOMB

(New York Tribune.)

Newport, R. I.—"They are making a lot of fuss over nothing," is about all that Chester T. Minkler, of this city, will say in regard to his invention of the depth bomb, which was used effectively in the war and the credit for which he has just been given by the Navy Department.

Minkler is about 36 years old, and of unassuming nature. He is not inclined to talk of his invention or work as an ordnance engineer at the naval torpedo station, at which he has been employed for several years.

Minkler was also responsible for the mine used by the navy in the North Sea, and this, like the death bomb, was given to the government without cost, Minkler turning over all his patents.

The experiments with the death bomb for the most part were carried on at the torpedo station, but in the final stage the L-49 was used as an experimental ship.

Minkler and his assistant, Harry Adams risked their lives and Minkler frequently was out alone in a small boat lowering bombs overboard for testing purposes.

Kolb & Howe CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadersville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before."

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape.

I cannot say too much for Black-Draught for it is the finest laxative one can use."

Theodore's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects, it has won the praise of thousands of people who have used it.

ENTIRE BLOCK Savage Property==St. Charles Court Property

On the above date we offer to the public some of the best business property there is in the city.

FIRST, we call your attention to what is known as the SAVAGE PROPERTY—located on North Main Street, in less than 600 feet from the Court House. This property occupies the entire square between Third and Fourth streets and between Main and Virginia.

We will make this statement without fear of contradiction that this is the only block of property on Main street that can be bought at any price. The location of this property makes it especially valuable—it is practically in the business section of the city and is accessible from four streets. Did you ever have the opportunity before of buying a piece of property like this?

Think of seeing a modern tobacco warehouse covering this entire property—there is nothing like it in Western Kentucky. It does not make any difference how much money you may have, you cannot have a desirable place to do business unless you have a desirable lot to put your building on.

We do not believe it is necessary that we call special attention to the business men of Hopkinsville as to the value of this piece of property. We believe that you fully realize and appreciate the value of a piece of property like this, and if you stand idly by and see someone else buy this property you will have no one to blame and no one will be the loser but you.

WE SHALL FIRST OFFER THIS PROPERTY IN TWELVE SEPARATE LOTS—SIX of which will front Main Street, 28.8 feet each, and run back between parallel lines 132 feet to a Ten-Foot Alley. Then we shall offer the SIX lots, each of which front 28.8 feet on Virginia Street and run back between parallel lines 132 feet to a Ten-Foot Alley. Then we shall offer the SALVAGE on all of said lot to be moved off after May 1st, 1920. Then we shall total the amounts that all of said lots brought together with the salvage and offer the entire block as a whole and should we receive a bid in excess of the amount it brought separately, then we reserve the right to sell it as a whole.

THE TERMS ARE: One-half cash Feb. 1st, 1920; One-fourth Feb. 1st, 1921; One-fourth Feb. 1st, 1922, with lien retained in deed to secure deferred payments which shall bear interest at the rate of 6 per cent from and after Feb. 1st, 1920. There will be no interest due until Feb. 1st, 1920, when the cash payment is to be made but party purchasing same will be required to execute bond for the cash payment due Feb. 1st, 1920.

Possession of the residence shall be given May 1st, 1920. Party purchasing same is to pay 1920 taxes.

This property is being sold for DIVISION among the heirs. There will be no rejection and no by-bidding and it will go absolutely to the highest bidder.

St. Charles Court Property

THE SALE OF THIS PROPERTY will take place immediately after the Savage Sale, at the corner of Seventh and Clay Streets in the City of Hopkinsville, Ky. This property is centrally located, within two blocks of the L. & N. Depot, three blocks of the Post Office.

This property is being sub-divided and offered separately. First we offer the lot facing twenty-five feet on East Seventh Street. Then we will offer lot No. 2 as shown on the Blue Print also facing about twenty-five feet on East Seventh Street and running back with lot No. 1 to Sixth Street. Then we shall offer lot No. 3 as shown on the Plat which is adjacent to Lot No. 2 and fronts 50 feet on Seventh Street and runs back fifty feet. All of these lots are desirable business lots.

Then we shall offer Lot No. 4, the splendid Two-Story Concrete Slate Roof Building located at the corner of Seventh and Clay streets, fronting Clay Feet; has a nice yard, concrete retaining wall. This building has sixteen rooms, bath, two long halls running the entire length of the building, splendid heating plant, lights and gas.

Then No. 5 This is the main building and is constructed of brick—has in front and back yards, a bath—also heat lights and gas.

Then we shall offer No. 6 which is the new Two-Story Concrete Building that adjoins No. 5 and is on the corner of Sixth and Clay streets. This is one of the nicest

apartment buildings there is in Hopkinsville—has twenty-five rooms, all modern and convenient, five bath rooms, lights, water and gas—splendid heating plant, heats the entire building. This building alone would very probably cost \$25,000 today to construct. If there ever was a time in the history of Hopkinsville to buy Good Property at your own price, this is "The Time." Never before did you ever see a better lot of city property offered absolutely to the highest bid than the property that goes in this sale.

TERMS are reasonable, only one-fourth cash March 1st, 1920, and the balance in one, two and three years with interest at the rate of six per cent from and after March 1st, 1920. Party purchasing same will be required to give bond for the cash payment due March 1st, 1920. Possession Sept. 1st, 1920, but purchaser is to receive all income from property from March 1st, 1920, and will be required to carry a reasonable amount of insurance on improvements with a Loss Clause payable to the holder of said notes.

We have sold, this season, over a Million Dollars worth of Real Estate and in many instances the purchasers have been offered thousands of dollars profit. We believe the property that we are putting in this sale to be some of the best investments that we have ever had to offer to the public.

If you want to buy Hopkinsville Property that will make you money we do not believe that you will overlook this opportunity.
